

**MOST** of us about this time are hunting up our last year's overcoat to see if it is fit for another season. Some, doubtless, are sorry now they didn't spend a nickel for moth balls, and a few hapless ones may have suffered from prosperity and find themselves a size or two bigger than they bargained for. However that may be, the fact remains that there will be quite a number of men needing overcoats just now, and possibly you are, yourself, among them. If so, we invite you to give us a call and look over those famous

Of course, the above styles are just a few suggestions. There are others here anxious to be looked at.

### PASSENGER TRAIN RUNS INTO A STREET-CAR AND FIVE MEN WERE KILLED

**Terrible Accident Occurs in Chicago as the Direct Result of Wet Rails of the Car Track.**

**Car Was Returning From Race Track and Every One in It Was Injured by the Collision—Train Plows Into Crowd at Sharon Hill, Near Philadelphia, While on the Wrong Track—Five Killed and Three Hurt.**

Chicago, Sept. 30.—Five persons were killed and a score injured in a collision between a Wisconsin Central passenger train and a street-car at Fifty-second avenue tonight. The street-car was crowded with passengers returning from the Harlem race track and every man in the car was injured. The motorman had received a signal to cross and had just reached the center of the track when the passenger train crashed into the car. None of the passengers had time to escape. The dead are:  
F. Roberts, of Kansas City.  
William Griffith, of Kansas City.  
Joseph Butler.  
J. Williams, a jockey.  
James Gallagher, of Elmira, N. Y.  
All the injured are employees at a local race track.

The blame for the accident is laid by Motorman Kilroy upon the wet rails of the track. He saw the danger in time to avoid it and applied the brakes, but the car slid along the track with locked wheels. The passenger train, which was running at a high rate of speed, struck the street-car near the center, cutting it squarely in two. It was reduced to splinters.  
**TRAIN RUNS INTO CROWD.**  
Philadelphia, Sept. 30.—A merry party composed of about a dozen persons was run down by a passenger train tonight at Sharon Hill, seven miles south of this city, on the Philadelphia, Baltimore & Washington railroad. The accident resulted in the death of five and the injury of three others. The dead are:  
David Farron, Sr., aged 60 years.  
David Farron, Jr., aged 12.  
Jane W. Brown.  
James Brown.  
Jane Clark.  
The accident occurred in front of the Sharon Hill station while the party was waiting for a train. The train for which the train was waiting usually passes the station on the fourth track. Before anyone could give warning the train came rapidly down the third track and plowed into the group.

### MAYOR HARRISON RED HOT

**Would Make a Clean-up of Chicago City.**

Chicago, Sept. 30.—"If I could fire all the men I suspect of grafting, they would be jumping out of every window in the city hall."  
"This hall is full of graft, big and little—you know it and can't prove it. I have got 18 months left and I will get some of them yet."  
With these and other frank declarations Mayor Harrison has expressed himself on the subject of municipal service. He asserted that his hands were tied; that convincing proof could not be secured to establish guilt, but that in the remaining months of his administration, some means would be found to clean out the departments. Suspicion was not proof, the mayor said, and proofs were necessary to discharge a man under the civil service laws. He declared it to be an impossibility to get sufficient evidence in many known cases.  
The police department, he said, were full of suspected cases of corruption. Wholesale removals would result if the power of discharging without question were in his hands.

### A REQUEST FOR HARVARD.

New York, Sept. 30.—The will of the late Richard W. Foster, of Clinton, Mass., which has just been filed, contains a bequest of \$25,000 for Harvard university and under certain conditions the university becomes a still more substantial beneficiary.  
To numerous missionary and church societies Mrs. Foster left sums of \$10,000, while the residue of this large estate he gives to the town of Clinton for the erection and maintenance of a building to be used as a meeting place or club house for employes of the mills and factories and the other citizens of the town.

### UNPROVOKED MURDER.

Chicago, Sept. 30.—In the center of a vast throng of people who were waiting for the parade to pass at Jackson boulevard and Clark street, Dennis Sheehan was stabbed just over the heart last night by Charles Earl and is dying. His assailant, who was arrested, told the police he had come from New York to attend the centennial celebration.  
The assault upon Sheehan came when Earl interfered with him when he was trying to get a good view of the parade. Sheehan who is an old soldier and is more than 60 years old, remonstrated and immediately Earl drew a jack knife and stabbed him. Earl is about 45 years old.

### DELIVERANCE ASKED FOR.

Chicago, Sept. 30.—An appeal from the Young Men's Christian Association in Sofia has been made to their brother members in Chicago and other cities for aid for the suffering Macedonians and asking a special week of prayer for their deliverance from the atrocities of the Turks.  
After describing present conditions the appeal continues: "Civilized Europe sees this but diplomacy does not wish to know. In her heart there is no mercy, there is no sympathy, no germ of the teachings of Jesus Christ."

### CZAR GETS COLD RECEPTION

**Austrian Populace Does Not Extend the Glad Hand.**

Vienna, Sept. 30.—The arrival of the czar here today was not marked by the same popular enthusiasm that was shown during the visit of King Edward and Emperor William. This was probably due to the police and military precautions, as both sides of the streets were lined with infantry, cavalry and artillery, while behind the hedge of soldiers was a line of police facing the populace.  
The emperor's reception, however, was respectful, although not as enthusiastic as might have been expected. The thoroughfares through which the czar and Emperor Francis Joseph drove on their way from the station to Schonbrunn castle were effectively decorated, but the city proper showed almost no evidence of welcome.  
This may be accounted for by the fact that the royal procession did not touch the main section of Vienna.

### STEEL STOCK GUARANTEED

**Fears of Subscribers Have Been Dispelled by Circular.**

New York, Sept. 30.—In order to dispel any anxiety in the minds of subscribers to United States steel stock, which has been a target for bears in the market lately, the finance committee today issued a circular guaranteeing to redeem stock five years from this time at \$2.50 per share, which was the price paid for it by many employes.

### IS NO MATCH FOR LANKY BOB

**Irish Giant is Outpointed and Quits in First Round.**

Philadelphia, Sept. 30.—"Con" Coughlin, popularly known as the "Irish Giant," was to have fought six rounds with Bob Fitzsimmons tonight at the Washington Sporting Club, but he was so greatly out-classed by the former pugilistic champion that he quit before the expiration of the first round. In that brief time he was knocked down three times.

### ATROCITIES OF THE TURKS

**Frightful Outrages Committed by Sultan's Soldiers.**

Sofia, Sept. 30.—A report issued by the revolutionary committee at Monastir gives details of a long list of atrocities committed by the Turkish troops in September, including the ruthless slaughter of a number of children, who were hurled from high rocks. It is stated that the Turks killed over 200 peasants. Eighteen women were outraged and then shut in a barn which was set on fire.

New York, Sept. 30.—A committee of the stockholders of the American Maltting Company has sent to 1200 shareholders circulars asking for proxies to be used at the annual meeting in Jersey City, November 10. ### EIGHT-HOUR WORK DAY DEMANDED

**American Federation of Labor Out With Declaration as to Legislative Measures Desired by It.**

**Says That the Anti-Injunction Bill Has Been Given Special Consideration.**

### PRESIDENT AND THE UNIONS

**Declares That He Believes Union Labor Preferable Where Federal Laws Are Not in Way.**

Washington, Sept. 30.—The executive council of the American Federation of Labor tonight issued an address "to the organized labor of America." The address says in part:  
"All legislative measures, the eight-hour day and anti-injunction bills have received our special attention."  
"Because of the wonderful improvement in these methods of wealth production, by which the needs of man and the luxuries of life can be created in a work day of eight hours, we demand the enforcement of the eight-hour day."  
"President Roosevelt had another conference today with the executive committee of the Federation of Labor, at which the president's attitude toward labor unionism was discussed. The refusal of the president to discharge Foreman Miller from the government printing office and his statement that he could not discriminate between union and nonunion men in the employment of mechanics had not been thoroughly understood by many union men, and the president added some statements to his statement of yesterday."  
"Mr. Roosevelt made it plain that in form of employment excepting that circumscribed by the federal statutes, he believed that the full employment of union men was preferable either to non-union or 'open shops.'"

### PARKS A PEACE MAKER.

Kansas City, Sept. 30.—Samuel Parks the walking delegate from New York, waived his magic wand over the delegates to the annual convention of the International Association of Bridge and Structural Iron Workers again today and brought peace and harmony over conditions that seemed only to portend strife and split that might have meant the disruption of the organization. The victory for the New York leader was the action of the convention in voting almost unanimously to affiliate with the American Federation of Labor. Another important action was the adoption of a minimum road scale of \$2.50 which will cover all territory not now controlled by existing locals.

### STOCK MARKET WAS SHAKY

**Prices Were Not as Well Supported at New York.**

New York, Sept. 30.—Stock market operators showed lack of confidence in the market today because of the large buying by the great banking interests which supported the prices yesterday. The brisk upward movement at the opening in continuance of yesterday's movement gave place to dullness and hesitation, followed by a slow downward movement, ending with decided weakness, and a drop which wiped out a good part of yesterday's gains.

### MISSING MAN FOUND.

St. Louis, Sept. 30.—Word has been received here from Chicago that Oliver Anderson, secretary of one of the largest drygoods houses here, who has been missing since last Thursday, is detained by the police there. Anderson was taken into custody yesterday and apparently is worrying over some imaginary trouble.  
He said he came to Chicago direct from St. Louis. Henry W. Bergfeld, brother-in-law of Anderson, and A. J. Ikomeier, superintendent of the drygoods concern, departed hurriedly for Chicago last night to induce Anderson to return.

Serious fighting is expected if the Mutesariff persists in this tax gathering. It is reported that one Serbian has already been killed in the scuffle.

### TEACHERS WANTED.

### SIR MICHAEL HERBERT, AMERICAN AMBASSADOR, DIES OF CONSUMPTION

**Succumbs Unexpectedly While Sojourning in Switzerland for the Benefit of His Health.**

**Physicians Were Hopeful That He Would Recover, but an Attack of Bronchitis Hastened the End—President Expresses Regret at the Passing of a Statesman So Generally Esteemed in the United States.**

London, Sept. 30.—Sir Michael Herbert, British ambassador to the United States, died today at Devos-Platz, Switzerland, after a long and plucky fight against consumption, which terminated with tragic suddenness. The first announcement of the ambassador's untimely end was made at this afternoon's session of the Alaska boundary commission. Sir Edward Carson, solicitor-general, was in the midst of an intricate legal argument when Chief Justice Alverston held up his hand and, with trembling voice and tears coursing down his cheeks, announced that Sir Michael Herbert was dead. On all sides, American, Canadian and English, genuine sorrow was exhibited, which was evidently actuated by a sense of deep personal loss.  
Sir Michael had been at Devos-Platz about five weeks. When he returned to London from America he confessed that he felt far from well, but his physicians still held hopes of his conquering the disease. The ambassador expected to leave Devos-Platz a week or so ago in order to greet the Alaskan commissioners here, but he contracted bronchitis.

### PRESIDENT'S TRIBUTE.

Washington, Sept. 30.—The following statement, by authority of the president, was issued at the White House today:
